OFFICIALS UNLY proved For Release 2004 b4 NT ELLIGENCE 2400 A507 R0015003 R000 5R7 NO. 25X1A DOUNTRY USSR (Estonia) DATE DISTR.10 May 1948 SUBJECT Confidential Airfields at Parnu NO. OF PAGES PLACE ACQUIRED 25X1A NO. OF ENCLS. DATE OF IND 25X1X 25X1C SUPPLEMENT TO

- In the Soviet Army has built new runways on the Sanga (? Sauge) sirfield, located north of Parm (520,23°B, 240,30°E). The runways are constructed of gravel, covered with asphelt, and are about 600 meters in length. Hangar facilities include one large and three smaller structures. There are also administration buildings, barracks, vershouses, and other buildings in the area. Air defense consists of one battery of ten single-barrol small caliber guns. One guard is stationed every fifty meters. Bombs and other supplies are stored along a branch railway line and are brought into the area by rail.
- 25X1A

 Air patrol over the Parnu area is maintained from the airport of the town of Parnu. Dumps containing fuel and bomb supplies are located at the airport and are visible throughout the area.
- 3. It is reported that the Soviet Army has built an air base on the shore of Lake Erwista (sic, unlocated on map), Farm area.
